IV. Executive Manager's Report (Rick Agustin)

- A. GRTA Budget Hearing – GRTA requested 6.2 Million for FY2019 but BBMR requested GRTA to push for 3.2 Million budget instead. \$200,000 less than what GRTA had 18 years ago. GRTA has more assets and ridership in this present time and should look forward to requesting for more when GRTA submits the budget to the legislature.
- B. Oversight Hearing – This is the second oversight hearing GRTA has had. On March 6, 2018, Oversight Chairman Senator Frank Aguon, Jr. asked that GRTA work with GSA and Attorney General's office to prepare a formal contract. A letter was sent to AG's Office and GSA. GSA only accepts email, which GRTA complied. Oversight Chairman is aware that GRTA has a Purchase Order in place of a contract with KEI.

V. For Board Approvals

None

VI. Old Business

A. \$197,000 SMR shortfall

State Management Review is not closed out yet. This will become public record once closed-out. GRTA is waiting for an official letter from FTA. Once SMR publishes the final report then GRTA will announce.

In addition, an advanced copy of the contract and other related documents were submitted to the AG's Office for their review. Law requires this. Should this contract pass it will then, go to the Governor's Office for approval.

LED Solar Lighting system

GRTA is currently finalizing the specification of this project. After that, it will go to DPW to be bided out.

IFB for major and minor repairs for all GRTA vehicles

GSA is currently reviewing the specifications and will be informed when the solicitation will begin.

Bus Procurement project

Executive Manager, Chief Planner, Transportation Supervisor and Admin Officer will convene to develop bus procurement projects.

GRTA Maintenance facility

GRTA was informed by Department of Land Management that a parcel of Government of Guam property is available for GRTA to use for its Maintenance facility. It is the lot adjacent to DPW heavy and light equipment maintenance facility. GRTA is currently working closely with the department in surveying and parceling of the property. An official map of the property is needed in order for the lot to be transferred to GRTA.
